Hi Victoria

This email follows up on our phone call earlier today. Ahlstrom-Munksjo received the attached Notice and Finding of Violation (NOV/FOV) on January 22, 2021. As the NOV/FOV requests, Ahlstrom-Munksjo is responding to schedule a conference with EPA. Ahlstrom-Munksjo is requesting that the conference be held either April 6, 7, or 8, 2021 anytime from midmorning to early afternoon. We understand this will be a virtual conference due to COVID-19 concerns. Ahlstrom-Munksjo shares those concerns as well.

The attached NOV/FOV is a complex document and refers to permits and other regulatory decisions issued over 30 years ago. It will take additional time for Ahlstrom-Munksjo to research these issues. COVID-19 has been an issue for us and virtually everyone else as well. Setting the conference for early April should provide us sufficient time to prepare. We understand that EPA would like to receive a preliminary written response from Ahlstrom-Munksjo about one week prior to the conference which we agree to do.

Please contact me at your earliest convenience regarding the setting of the conference date and any potential logistical issues.

Thanks

Mark
